

India can protect and restore environmental and natural resources by spreading awareness on such issues among its citizens. In this book the author has discussed about various aspects of environment in order to highlight the dimensions of the environmental awareness, environmental attitude and environmental knowledge among the graduation as well as post graduation students of different Universities. This book will be of great use to teachers and researchers of Education and all those concerned with planning policy making and development of Education in India.

Dr. Shivakunmar G S., is presently working as an Assistant Professor of Education, at Kumadvathi College of Education, Shikaripur, Karnataka, India, completed his M.Sc., (Zoology) from Karnataka University, Dharwar and M.Ed., from Kuvempu University in 2000 with Second Rank and one cash prize for the University rank. He obtained Ph.D., Degree from Kuvempu University for his research work on "Environmental Awareness, Attitude and Knowledge among the secondary school students". With a commitment to research, teaching and extension, he has published research articles in National and International Journals and general articles on Educational issues in Magazines.
