National Mathematics Day

Science Club members involved in the table recitation competition

Science Club members involved in the table recitation competition

Winners of the competition enjoying by receiving the prizes

On 23rd December 2019, on eve of National Mathematics day science club members of our college organised a creative way of reciting the mathematical table by way of chorus dance. The science club members were segregated in to five groups, and inter competition among the groups was conducted for the best way of presentation of table recitation. Based on the nature of presentation like chorus in dance, symmetry of recitation and fluency of recitation prizes were awarded. All the participants involved actively as well as enthusiastically in the programme.

Science Club members and participants of the programme decided to adopt this type of innovative method of teaching in the class rooms also in their future teaching profession.
