ABOUT SHIKARIPURA

Shikaripura is a Taluka headquarters of Shimoga District, Karnataka State. It is known for its rich cultural heritage and scenic beauty. It is the cradle of great social reformers and saints like Allama Prabhu, and Akkamahadevi. Situated just 48 Km away from Shimoga city, it is well connected by buses to all the prominent places. Shikaripura is surrounded by forest areas and many historical and tourist attractions places. Sri. B.S. Yeddiyurappa, founder Chairman, SVVS (R) Shikaripura, Ex-Chief Minister of Karnataka State is the Chief Patron of this conference.

ABOUT THE CONFERENCE

The conference on “**New Trends & Modern Approaches in Education**” serves as a pivotal gathering for educators, researchers, policymakers, and industry experts who are passionate about shaping the future of education. This conference provides a platform to explore and discuss the latest developments and innovative practices in the field.

A new trend within an educational system can be seen as a shift that may potentially influence how the system functions. These shifts could include new teaching methods, changes in research and curriculum development, as well as evolving attitudes and behaviours among staff and students. Educational trends might present themselves as threats, challenges, opportunities, innovations, or initiatives that contribute to the social, economic, political, and cultural development of society.

Modern trends in educational development drive changes and create conditions necessary for innovations in teaching, learning, administration, research, and community services on a global scale. Examples of these trends include social learning, learning design informed by analytics, flipped classrooms, dynamic assessment, and event-based learning. The evolving global economy and advancements in modern technologies have ushered in new trends aimed at enhancing global competitiveness in education. These modern trends emphasize innovation, accessibility, and adaptability, promoting positive global change. As a result, students are encouraged to learn through interactive and practical tools that foster knowledge-building and productivity, helping them compete globally with practical knowledge that supports their personal and professional growth.

OBJECTIVES OF THE CONFERENCE

- Provide a platform for researchers, educators, and practitioners to share the latest research findings, innovative teaching methods, and successful case studies.
- Showcase the latest educational technologies and their applications in enhancing teaching and learning processes.
- Identify and discuss emerging trends in education that could shape the future of teaching and learning.
- Promote inclusivity and diversity in education by discussing strategies to create equitable learning environments for all students.

CONFERENCE HIGHLIGHTS

- a) Four Technical Sessions and a discussion
